2. General

It was noted that the date of the Minutes published on the school website is wrong – this needs to be amended.

It was also noted that we had received positive feedback on the PTA Newsletter sent out and that we should try and send a newsletter out each term.

3. Mother's Day Shop

It was noted that there had been a good response and the actual shop raised £434.00

4. Father's Day Shop

It was proposed that we would be buying in stock for the Father's Day shop as we didn't feel that we could do a further non-uniform day for donations as it would be quite close to Summer Fayre. Also, it was felt that parents may have to specifically go out and buy a gift rather than having something available to donate as is the case with the Mother's Day Shop. It was agreed however, that a request people can donate if they wish. Father's Day Shop is to be held on 7th June 2018 with preparation of the gifts to take place on 5th June 2018.

5. Treasure Hunt/Easter Disco

This is to be held on 12th May 2018. It will be held on the school field with the hall being used as a back up in case of bad weather. It would run from 1pm – 5pm.

All arrangements for Easter Disco were in hand and it was agreed it was pretty much sorted.

6. Fundraising

Alternative means of fundraising was discussed. The main areas were do we have parents whose employer run a fund matching programme, getting the school onto a Tesco/Asda "green token" fundraiser. The supermarket fundraiser would be investigated by school.

7. Finances

All school smart boards have now been bought. At the beginning of the year the PTA had £8,000 in the bank, to date we have spent £10,000. A review of expenses left for the year will be conducted but it means that with the expenses committed to there are no funds for anything further.

8. Allocation of Funds

Mrs Flitcroft raised the next project for school This is a MUGA (multi use games area) for the playground. One estimate for the work had currently been obtained and it was looking in the region of £16,600. It was mentioned by VL that Corey Environment do grants for work such as this and she would investigate this.
