Date adopted by Governing Body: September 2021

Date to be reviewed: September 2022

The school recognises its obligation under Section 175 of the Education Act 2002 to promote and safeguard the welfare of all its pupils and sees its Child Protection and Safeguarding Policy as fulfilling a key part of this duty.

We believe that every child has the right to be happy, healthy and safe. Safeguarding and promoting the welfare of children is defined as, in accordance with Keeping Children Safe in Education 2020 "protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes"

Introduction

St Peter's fully recognises the contribution it makes to safeguarding children.

There are three main elements to our policy:

1. Prevention through teaching, pastoral support and strong and authentic relationships with pupils and families.

2. Procedures for identifying and reporting cases or suspected cases of abuse. Because of our day to day contact with children, school staff are well placed to identify and act upon signs and indications of abuse.

3. Support to pupils who may have been subject to abuse and working with families and additional agencies in order to address and prevent any safeguarding issues and achieve positive outcomes.

Please note that if you are ever concerned about the welfare of a child or family you must contact Social Care on 01744 676600 or the out of hours number on 0845 0500148.

Our policy applies to everyone in school and is explained to them during induction and re-visited regularly. This applies to all staff and volunteers working in the school, staff and governors. Teaching Assistants, Mid-day Assistants, Office staff, as well as teachers can be the first point of disclosure for a child. Concerned parents, carers or members of the community may also contact school governors, the Headteacher, Deputy Headteacher or Assistant Headteacher if they are concerned about a child. All staff are expected to read Part 1 of the Keeping Children Safe in Education 2019.

Communication and confidentiality

All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.

Where there is an allegation or incident of sexual abuse or sexual violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree on what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.

Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

Safer recruitment
The school's full policy and procedures for safer recruitment are outlined in the Safer Recruitment Policy.
An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

'All centres providing care for pupils under the age of eight must ensure that staff and volunteers working in these settings are not disqualified from doing so under the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement) (Amendment) Regulations 2018. A person may be disqualified if they:
2. Have certain orders or other restrictions placed upon them.

Ongoing suitability

The duty will also apply in circumstances where an individual is deployed to another area of work that is not in regulated activity or they are suspended.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.
The school is free to record any other information it deems relevant.

All staff members will also receive regular safeguarding and child protection updates as required, but at least annually. Training will cover, at a minimum:

- The issues surrounding sexual violence and sexual harassment.
- Contextual safeguarding.
- How to keep LAC and PLAC safe.
- CCE and the need to refer cases to the National Referral Mechanism.
- Updated online safety training.
- Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school.

The DSL and deputy DSL(s) will undergo child protection and safeguarding training, and update this training at least every two years. The DSL and deputy DSL(s) will also obtain access to resources and attend any relevant or refresher training courses, ensuring they keep up-to-date with any developments relevant to their role. This will include training to understand:
- The assessment process for providing early help and statutory intervention, including local criteria for action and CSCS referral arrangements.
- How LAs conduct child protection case conferences and a child protection review conferences, to enable the DSL to attend and contribute to these effectively when required.
- The importance of providing information and support to CSCS.
- The lasting impact that adversity and trauma can have.
- How to be alert to the specific needs of children in need, pupils with SEND and/or relevant health conditions, and young carers.
- The importance of internal and external information sharing.
- The Prevent duty.
- The risks associated with online safety, including the additional risks faced online by pupils with SEND.

Types and definitions of abuse

Abuse can take many different forms. St Peter's staff receive training to understand the different forms of abuse and their signs and symptoms.
Definitions and examples of the different forms of abuse

The main categories of abuse are:

For the purposes of this policy, "abuse" is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, **"physical abuse"** is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, **"emotional abuse"** is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **"sexual abuse"** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **"neglect"** is defined as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

All staff will be aware of the indicators of abuse and neglect. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSL(s), will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

In relation to 'Keeping Children Safe in Education 2021' and 'Sexual harassment and sexual violence 2018', St Peter's also recognises additional forms of abuse which Children may be at risk of.

These include:
- Female Genital Mutilation or FGM
- Radicalisation and Extremism.
- Forced Marriage
- Child Sexual Exploitation or CSE
- Sexual harassment and sexual violence
- Private Fostering
- Child Missing in Education

- Peer on Peer abuse
- Sexting
- Up skirting
- Children at risk, or involved with serious violent crime
- Domestic abuse
- Homelessness
- Child abduction and community safety incidents.

Prevention

St. Peter's recognized high self-esteem, supportive friends and positive relationships with trusted adults support prevention and early intervention when it comes to safeguarding children.

All staff, especially the DSL and their deputies, will be aware that pupils can at risk of abuse or exploitation in situations outside their families (extra-familial harms).

The school will therefore:

- Establish and maintain an ethos where children feel secure, encouraged to talk and are listened to;
- Ensure children know that there are adults in school whom they can approach if they are worried or are in difficulty;
- Embed skills throughout school that help children to keep themselves safe. This includes throughout the curriculum, whole school initiatives and bespoke interventions.

- Include in the curriculum, materials which will help children develop a realistic perspective and appropriate attitude to the responsibilities of adult life and the treatment of children.

Concerns about a pupil

If a member of staff has any concern about a child's welfare, they will act on them immediately by speaking to the DSL or a deputy.
All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing.

Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSL with the matter.

If a referral is made about a child by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer.

Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil.

If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.
If early help is appropriate, the case will be kept under constant review. If the pupil's situation does

not improve, a referral will be considered.

All concerns, discussions and decisions made, as well as the reasons for making those decisions, will be recorded in on CPOMS

If a pupil is in immediate danger, a referral will be made to St Helens Services MASH team and/or the police immediately.

If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views.

When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

Early Help

St. Peter's recognises that early intervention can have a positive impact for our families and can prevent children from significant harm. Therefore St. Peter's promotes an Early Help Offer which is a graduated structure aimed at providing support at the appropriate and earliest level. This is in accordance with St. Helens Council's Continuum of Need.
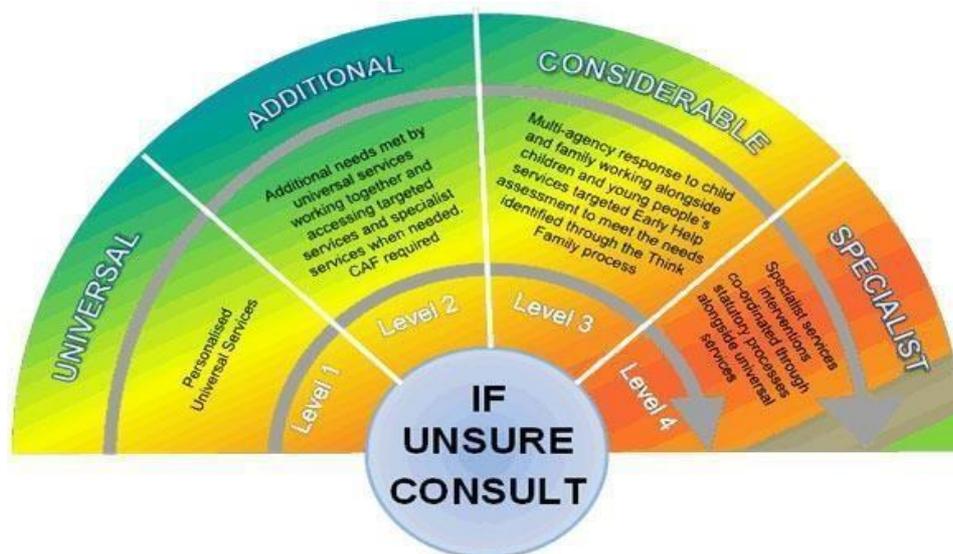

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.

- Have family members in prison, or are affected by parental offending.
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are persistently absent from education, including persistent absences for part of the school day.
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

Level of Need	Intervention	Agencies who may be involved
Level 1 Children and young people who are achieving each of the 5 outcomes	**Whole school initiatives** Informal contact with children, parents and carers to resolve low level issues**.** The child and their family, school staff.	The child and their family, school staff
Level 2 Children and young people who may need extra support in order to achieve the 5 outcomes.	**School Support Meetings** Informal meetings with parents and carers to resolve low level issues. These may require a referral to an additional agency and will be reviewed.	The child and their family, school staff. Possible involvement of an external agency.
Level 3 Children and young people who have complex needs and who may require co-ordinated support in order to achieve the 5 outcomes.	**Common Assessment Form (CAF)** A document completed by the family with support from the lead professional. The CAF document brings together all agencies involved with a family to ensure that everyone is working together and information is shared. The CAF would then be taken to a Service Allocation Meeting (SAM) to ensure that the appropriate support is being given. Parents and Carers or the child where appropriate, must consent to this document. **Family Support Meetings** A Family Support Plan is put into place for families with complex needs. This may be required as earlier forms of intervention have not been effective. Family Support Plans, similarly to a CAF, look to bring agencies and families together in order to put in place the best package of support. Parents and Carers or the child where appropriate, must consent to this document.	The child and their family School staff Multiple external agencies including Health, FamilySupport Workers, CAMHS, housing, GP, dentist. This also extends to more targeted services such as counselling services, NSPCC or agencies associated with a particular condition. In some cases Social Care will be invited to Family Support Meetings.

Level 4	Child in Need	The child (where appropriate and their family
Children and young people who will not achieve the five outcomes without intensive support.	These are meetings for families who require intensive support in order for the child to achieve their 5 outcomes. These meetings are led by Social Care and all agencies involved will be invited along with parents and carers. These meetings are statutory and therefore do not require parental consent. **Child Protection** These are meetings for families whose children are at risk of significant harm. These meetings are led by an independent chair and all agencies involved will be invited along with social care, parents and carers. These meetings will be reviewed every 6 weeks during core group meetings and every 6 months for review child protection conferences. These meetings are statutory and therefore do not require parental consent.	School staff Multiple external agencies including Health, Family Support Workers, CAMHS, housing, GP, dentist. This also extends to more targeted services such as counselling services, NSPCC or agencies associated with particular condition. Social Care would always attend Child in Need and Child Protection conferences. .

Supporting the pupil at risk

We recognise that children who are subject to abuse in whatever form may experience a significant effect of their social and emotional wellbeing as well as their academic attainment.

St.Peter's recognises that school is a stable and secure environment in the lives of our pupils. Therefore, we strive to create a safe and consistent environment.

In accordance with Working Together to Safeguard Children 2018, St. Peter's recognises that some children may be considered more vulnerable than others.

These include:
- A disabled child and has specific additional needs
- Has special educational needs
- A young carer
- Is showing signs of engaging in anti-social or criminal behaviour
- Is in a family circumstance presenting challenges for the child such as substance abuse, adult mental health, domestic violence, and/or
- Is showing early signs of abuse and/or neglect

The school will endeavour to support the pupil through:

- The school's behaviour policy is aimed at supporting all pupils in our school especially those who are identified as being vulnerable. All staff will adopt a consistent approach which focuses on the offence committed by the child but does not damage the pupil's sense of self- worth. St. Peter's recognises that all behaviour is a form of communication and we aim to address any underlying issues through pastoral intervention.
- St. Peter's is committed to working with the appropriate agencies that best support our children and their families.
- St. Peter's will continue to refer for children who are already open to Social Care and will exercise the St. Helens Local Authority's escalation policy when deemed necessary.
- When any vulnerable pupil leaves our school, all information will be photocopied and transferred to the new school immediately and Social Care would be informed where necessary.

Concerns about staff members and safeguarding practices

If a staff member has concerns about another member of staff (including supply staff and volunteers), it will be raised with the headteacher.

If the concern is with regards to the headteacher, it will be referred to the chair of governors.
Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy.

If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

Any allegations of abuse made against staff members, including those that meet the harms test, will be dealt with in accordance with the school's Allegations of Abuse Against Staff Policy.

For the purpose of this policy, the "harms test" refers to a situation where a person would pose a risk of harm if they continued to work in regular or close contact with pupils in their present position, or in any capacity.

Dealing with allegations of abuse against staff

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Allegations of Abuse Against Staff Policy – a copy of which will be provided to, and understood by, all staff. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child, or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

Safeguarding and Attendance

The Safeguarding Policy links directly to the schools Attendance Policy.

If a child is absent who is deemed to be vulnerable and contact is not made with the school regarding their absence, then the Education Welfare Officer (EWO) or another member of staff may call to the family home to ensure the child's safety.

If a child is absent who is on a Child Protection Plan and contact is not made with the school regarding their absence, then the EWO or another member of staff will inform Children's Social Care.

When a child is continually missing education, St. Peter's will follow Local Authority procedures and will work with the appropriate agencies, including Education Welfare.

St. Peter's CE Primary will always strive to put the correct interventions into place to ensure that Persistent Absentees improve their attendance. If a pupil goes missing from the school site during the school day, the parent or carer and the Police will be informed immediately; it may also be appropriate to notice Children's Social Care.

Once a child has left the school premises, it is the responsibility of the Police and not staff to try and secure the child. St. Peter's recognises that it may be more dangerous for both staff and the child, if staff were to try and secure the individual.

Managing Peer on Peer Allegations

At St Peter's, we put in place safeguards to reduce the likelihood of peer on peer allegations. There is an established ethos of respect, friendship, courtesy and kindness with a clear, high profile Behaviour for Learning Policy which sets out our expectations, rewards and consequences for unacceptable behaviour together with visible staff presence.

Definition

There is no clear boundary between incidents that should be regarded as abusive and incidents that are more properly dealt with as bullying, sexual experimentation etc. This is a matter of professional judgement.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse: bullying, fighting and harassment between children are not generally seen as child protection issues.

However, it may be appropriate to regard a young person's behaviour as abusive if:

- There is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- The perpetrator has repeatedly tried to harm one or more other children; or
- There are concerns about the intention of the alleged perpetrator.

If the evidence suggests that there was an intention to cause severe harm to the victim, this should be regarded as abusive whether or not severe harm was actually caused.

Risks

Children are vulnerable to abuse by their peers. Such abuse should be taken as seriously as abuse by adults and should be subject to the same child protection procedures.

Professionals should not dismiss abusive behaviour as normal between young people and should not develop high thresholds before acting.

Professionals should be aware of the potential uses of information technology for bullying and abusive behaviour between young people.

Professionals should be aware of the added vulnerability of children and young people who have been the victims of violent crime (for example mugging), including the risk that they may respond to this by abusing younger or weaker children.

The alleged perpetrator is likely to have considerable unmet needs as well as posing a significant risk of harm to other children. Evidence suggests that such children may have suffered considerable disruption in their lives, may have witnessed or been subjected to physical or Sexual Abuse, may have problems in their educational development and may have committed other offences. They may therefore be suffering, or at risk of Suffering, Significant Harm and in need of protection. Any long-term plan to reduce the risk posed by the alleged perpetrator must address their needs.

<u>Protection and Action to be taken</u>

It is not enough to respond to incidents as they arise: all agencies that work with children should strive to create an environment that actively discourages abuse and challenges the attitudes which underlie it. Agencies should have a policy on bullying, and on sexual and racial harassment. They should also consider the effect of adult behaviour on children who may view them as role models.

Any professional who feels that a young person has abused another child or young person should notify school's child protection officer, without delay.

The St Peter's safeguarding team will consider:

- Whether the alleged perpetrator seems to pose a continuing risk to any child;
- How to protect any child who appears to be at immediate risk of significant harm;
- Whether **Section 47 Enquiries** should be initiated (or continued if they have already begun) and how they should be handled; and
- What action should be taken in respect of the alleged perpetrator, for example arranging a risk management meeting.

It is important to co-ordinate action to address these issues: no agency should initiate action that has implications for another agency without appropriate consultation unless this is unavoidable in order to protect the safety of a child.

The management of safeguarding can be further explained in the Keeping Children Safe in Education Document 2020.

Female Genital Mutilation or FGM

Female Genital Mutilation (sometimes referred to as female circumcision) refers to procedures that intentionally alter or cause injury to the female genital organs for non-medical reasons. It occurs mainly in Africa and to a lesser extent, in the Middle East and Asia; however children living in the United Kingdom are still at risk of this form of abuse. Although it is believed by many to be a religious issue, it is in fact a cultural practice. There are no health benefits to Female Genital Mutilation. Communities particularly affected by FGM in the UK include girls from: Somalia, Kenya, Ethiopia, Sierra Leone, Sudan, Egypt, Nigeria, Eritrea, Yemen, Indonesia and Afghanistan. In the UK, FGM tends to occur in areas with larger populations of communities who practice FGM, such as first generation immigrants, refugees and asylum seekers.

Key Points:
- It is NOT a religious practice.
- Occurs mostly to girls aged 5-8 years old; but up to around 15.
- It has been a criminal offence in the United Kingdom since 1985.
- Offence since 2003 to take girls abroad
- Criminal penalties include up to 14 years in prison.

Reasons for this cultural practice include:

- Cultural identity – an initiation into womanhood.
- Gender identity – moving from a girl to a woman – enhancing femininity
- Sexual control – reduce the woman's desire for sex

[25]

- Hygiene/cleanliness – unmutilated women are regarded as unclean.

Risk Factors include:
- Low level integration into UK society
- Mother or sister who has undergone FGM
- Girls who are withdrawn from PSHE
- A visiting female elder from the country of origin
- Being taken on a long holiday to the family's country of origin
- Talk about a 'special' event or procedure to 'become a woman' High Risk Time

This procedure often takes place in the summer, as the recovery period for FGM can be 6 to 9 weeks. Schools should be alert to the possibility of FGM as a reason why a girl in a high risk group is absent from school or where the family request an 'authorised absence' for just before or just after the summer school holidays.
.
Although it is difficult to identify girls before FGM takes place, where girls from these high risk groups return from a long periods of absence with symptoms of FGM, advice should be sought from the police or social services. It is a mandatory reporting duty under section 5B of the Female Genital Mutilation Act 2003 (as inserted section 74 of the Serious Crime Act 2015) there is a statutory duty upon school staff to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM has been carried out on a girl under 18.

Post FGM symptoms include:

- Difficulty walking, sitting or standing
- Spend longer than normal in the bathroom or toilet
- Unusual behaviour after a lengthy absence
- Reluctant to undergo normal medical examinations
- Asking for help, but may not be explicit about the problem due to embarrassment or fear.

Longer term problems include:
- Difficulties urinating or incontinence
- Frequent or chronic vaginal, pelvic or urinary infections
- Menstrual problems
- Kidney damage and possible failure
- Cysts and abscesses
- Pain when having sex
- Infertility
- Complications during pregnancy and childbirth
- Emotional and mental health problems

FGM is also included in the definition of 'honour-based' abuse (HBA), which involves crimes that have been committed to defend the honour of the family and/or community, alongside forced marriage and breast ironing.

The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

Forced Marriage

There is a clear difference between 'forced marriage' and 'arranged marriage'. Arranged marriages have worked well in society for many years. An arranged marriage is when families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

A forced marriage is when one or both parties do not consent to the marriage, and people are forced into marriage against their will. Forced marriage is an abuse of human rights. Both physical and emotional abuse may be used to coerce people into the marriage.

In law both parties to a marriage must validly consent to the marriage, the minimum age a person is able to consent to a marriage is 16. A Forced Marriage Protection Order can be obtained from a Family Court in order to protect victim, both adults and children from a potential forced marriage or people who are already in a forced marriage.

Potential warning signs or indicators that a child is at risk of Forced Marriage

- Absence and persistent absence
- Request for extended leave of absence and failure to return from visits to country of origin
- Fear about forthcoming school holidays
- Surveillance by siblings or cousins at school
- Decline in behaviour, engagement, performance or punctuality
- Poor exam results
- Being withdrawn from school by those with parental responsibility
- Removal from a day centre of a person with a physical or learning disability
- Not allowed to attend extra-curricular activities
- Sudden announcement of engagement to a stranger
- Prevented from going on to further/higher education

St. Peter's acknowledges that persistent absence from school or requests for leave of absence can be an indicator of a potential safeguarding risk. The issues surrounding Forced Marriage link directly to the school attendance policy; any absences from school will be followed up in accordance with this policy. This is to ensure that we make every effort to know a child's whereabouts and make sure they are safe to the best of our ability.

What to do if you have a concern regarding Forced Marriage?

Forced Marriage is an offence and if this is happening to a child under the age of 18 it is considered to be child abuse. If you suspect that a child or young person is being forced to marry then you must share your concerns with the Designated Senior Lead (DSL) who will make appropriate contact with Children's Social Care or the Police. The Forced Marriage unit can be contacted for advice and help in making the referral.

Radicalisation and Extremism & The Prevent Duty

Radicalisation refers to the process by which a person comes to support terrorism and/or extremism leading to terrorism.

Extremism is defined by the Government in the **Prevent Strategy** (2010) as:

"Vocal or active opposition to fundamental British Values including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas."

Extremism is defined by the Crown Prosecution Service as:

The demonstration of unacceptable behaviour by using any means or medium to express views which:

- Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
- Seek to provoke others to terrorist acts;
- Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
- Foster hatred which might lead to inter-community violence in the UK

"**Terrorism**" refers to an action that endangers or causes serious violence to a person or people, property, or electronic system, which is designed to influence the government, intimidate the public, or advance a cause.

Indicators of vulnerability include:

- Identity crisis – the pupil is distanced from their cultural/religious heritage and experiences discomfort about their place in society

- Personal crisis – the pupil may be experiencing family tensions, a sense of isolation; and low self- esteem; they may have dissociated from their existing friendship groups and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging.

- Personal Circumstances – migration; local community tensions; and events affecting a pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy.

- Unmet Aspirations – the pupil may have perceptions of injustice; a feeling of failure; rejection of civic life

- Experiences of criminality – which may include involvement with criminal groups, imprisonment and poor resettlement/ reintegration

- Special Educational Needs – the pupil may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions

and awareness of the motives of others

(This is not an exhaustive list, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism).

St. Peter's work reflects the government **PREVENT** strategy (July 2015) in their approach to radicalisation and extremism. Staff are required to read elements of the prevent strategy relating to school and education. Any concerns regarding radicalisation or extremism in children and young people should be passed onto the school's single point of contact or SPOC. The SPOC will then refer on to the local PREVENT officer, Children's Social Care and/or the Police.

The PREVENT single point of contact (SPOC) in school is the Designated Senior Lead **(Mrs Colley)**

The PREVENT officer for St. Helens is **John Danher. Tel 0151 777 8383.**

A child missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation.
Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy.
The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more.

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending.
The school will notify the LA within five days of when a pupil's name is added to the admissions register.
The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur.
Two emergency contact details will be held for each pupil where possible.
Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.
If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils' data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
- Have been permanently excluded.
-

The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance. If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)
-

The school will work with the LA to establish methods of making returns for pupils back into the school.

The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown.

The school will also highlight any other necessary contextual information including safeguarding concerns

Channel programme

Safeguarding children is a key role for both the school and the LA, which is implemented through the use of the Channel programme. This service shall be used where a vulnerable pupil is at risk of being involved in terrorist activities.

In cases where the school believes a pupil is potentially at serious risk of being radicalised, the headteacher or DSL will contact the Channel programme.

The DSL will also support any staff making referrals to the Channel programme.
The Channel programme ensures that vulnerable children and adults of any faith, ethnicity or background, receive support before their vulnerabilities are exploited by those that would want them to embrace terrorism, and before they become involved in criminal terrorist-related activity.

The programme identifies individuals at risk, assesses the extent of that risk, and develops the most appropriate support plan for the individuals concerned, with multi-agency cooperation and support from the school.

The delivery of the Channel programme may often overlap with the implementation of the LA's or school's wider safeguarding duty, especially where vulnerabilities have been identified that require intervention from CSCS, or where the individual is already known to CSCS.

The school will keep in mind that an individual's engagement with the Channel programme is voluntary at all stages.

Child Sexual Exploitation (CCE)

For the purposes of this policy, **"child sexual exploitation"** is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:
- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil's immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited e.g. they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.
- Having older boyfriends or girlfriends.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

All concerns related to CSE will be managed in line with the school's Child Sexual Exploitation (CSE) Policy.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered, including referral to the LA. The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

Modern slavery

For the purposes of this policy, **"modern slavery"** encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the National Referral Mechanism.

Child criminal exploitation (CCE)

For the purpose of this policy, "child criminal exploitation" is defined as: where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, for any, or all, of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

CCE may be in effect even if the criminal activity appears consensual and can happen through the use of technology.

Identifying cases

School staff will be aware of the following indicators that a child is the victim of CCE:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs or alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education or not taking part
- Vehicle crime

Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional. Staff will, however, be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one. Staff will also be aware of how pupils' experiences can impact on their mental health, behaviour, and education.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or deputy DSL(s).
The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

Homelessness

The DSL and deputy(s) will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible. Indicators that a family may be at risk of homelessness include the following:

- Household debt
- Rent arrears
- Domestic abuse
- Anti-social behaviour
- Any mention of a family moving home because "they have to"

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm.

Child abduction and community safety incidents

For the purposes of this policy, **"child abduction"** is define as the unauthorised removal or retention of a child from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents and other relatives, other people known to the victim, and strangers. All staff will be alert to community safety incidents taking place in the vicinity of the school that may raise concerns regarding child abduction, e.g. people loitering nearby or unknown adults conversing with pupils.
Pupils will be provided with practical advice and lessons to ensure they can keep themselves safe outdoors.

Child on child sexual violence and sexual harassment

At St. Peter's we have an effective preventative education programme with a whole school approach that prepares children for life in modern Britain. We have a clear set of values and standards, and these will be upheld and demonstrated throughout all aspects of school life. This is underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence-based content delivered through the whole curriculum. The curriculum has been developed according to the appropriate age and stage of development. (especially when considering SEND children and their cognitive understanding), and may tackle such issues as:

- healthy and respectful relationships
- what respectful behaviour looks like;
- gender roles, stereotyping, equality;
- body confidence and self-esteem;
- prejudiced behaviour;
- that sexual violence and sexual harassment is always wrong;
- addressing cultures of sexual harassment.

We follow guidance in Part 5 of the Keeping Children Safe in Education 2019 on how we should respond to reports of child on child sexual violence and sexual harassment.

Further information can be found in the extra publication on sexual violence and harassment between children in schools and colleges - Sexual violence and sexual harassment between children in schools and colleges which covers:

- what sexual violence and sexual harassment is
- schools' and colleges' legal responsibilities

- a whole school or college approach to safeguarding and child protection
- how to respond to reports of sexual violence and sexual harassment.

Private Fostering

Private Fostering is where a child under the age of 16 (or 18 if they have a disability) goes to live with someone who is not a close relative for 28 days or more. It is a private agreement between a parent and another adult.

A close relative includes a parent, step-parent, grandparent, brother, sister, uncle or aunt (whether blood related or through marriage).

Examples of private fostering could include:

- Children or young people who are sent to this country for education or health care by their parents from overseas.

- Teenagers living with a friend's family because they do not get on with their own family.

- Children living with a friend's family because their parents study or work involves unsociable hours, which makes it difficult to use ordinary day care or after school care.

- Children staying with another family because there has been bereavement, serious illness or their parents have divorced or separated.

- A child from overseas staying with a host family while attending school or overseas students at boarding school who do not stay with a host family during the holidays.

Education and other professionals have a duty to notify the Local Authority and Children's social care when they believe there is a private fostering arrangement and they are not satisfied that the Local Authority has been or will be notified by the parent or carer.

Private Foster carers also have a responsibility to notify the Local Authority.

If a member of staff or any individual believes that a child is being privately fostered, they should contact Children's Social Care or inform the Designate Senior Lead who will make the referral.

Whistleblowing

If you're a professional with concerns over how child protection issues are being handled in our school or another organisation, you can talk to us anonymously too:

NSPCC Whistleblowing helpline: 0800 028 0285

The Whistleblowing Advice Line offers free advice and support to professionals with concerns about how child protection issues are being handled in their own or another organisation.

E-Safety

ICT in the 21st Century is an essential resource to support learning and teaching, as well as playing an important role in the everyday lives of children, young people and adults. Consequently, at St Peter's C.E. Primary School we need to build in the use of these technologies to arm our young people with the skills to access life-long learning and employment. E-safety involves pupils, staff, governors and parents making best use of technology, information, training and the E - safety policy has been created to maintain a safe online and ICT environment. We ensure children are taught about safeguarding, including online, through teaching and learning opportunities as part of providing a St Peter's broad and balanced curriculum with Relationships, Health and Sex Education.

Teaching online safety is also taught to children as a whole school approach through assemblies and Safer Internet Weeks as per DFE guidance.
Please read this policy in conjunction with the E-safety policy

Peer on Peer abuse

For the purposes of this policy, "peer-on-peer abuse" is defined as abuse between children.

The school has a zero-tolerance approach to abuse, including peer-on-peer abuse, as confirmed in the Child Protection and Safeguarding Policy's statement of intent.

All staff will be aware that peer-on-peer abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of peer-on-peer abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that peer-on-peer abuse is not occurring. All staff will speak to the DSL if they have any concerns about peer-on-peer abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as "banter" or "part of growing up".

Peer-on-peer abuse can be manifested in many different ways, including:
- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

All staff will be clear as to the school's policy and procedures regarding peer-on-peer abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who evidence suggests are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil's SEND and will always explore indicators further.

All staff will be made aware of the heightened vulnerability of LGBTQ+ pupils, who evidence suggests are also more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, regardless of whether they are LGBTQ+, can be just as vulnerable to abuse as LGBTQ+ pupils. The school's response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

The school's procedures for managing allegations of peer-on-peer abuse are outlined in the Peer-on-Peer Abuse Policy. Staff will follow these procedures, as well as the procedures outlined in the school's Anti-Bullying Policy and Exclusion Policy, where relevant.

Sexting

The school will ensure that staff are aware to treat the sharing of indecent images, including through sexting, as a safeguarding concern.
Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sexting in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of sexting.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised. Where a member of staff becomes aware of an incidence of sexting that involves indecent images of a pupil, they will refer this to the DSL as soon as possible. Where a pupil confides in a staff member about the circulation of indecent imagery, depicting them or someone else, the staff member will:
Refrain from viewing, copy, printing, sharing, storing or saving the imagery.

- Tell the DSL immediately if they accidentally view an indecent image and seek support.
- Explain to the pupil that the incident will need to be reported.
- Respond positively to the pupil without blaming or shaming anyone involved, and reassuring them that they can receive support from the DSL.
- Report the incident to the DSL.

The DSL will attempt to understand what the image contains **without viewing it** and the context surrounding its creation and distribution – they will categorise the incident into one of two categories:

- **Aggravated:** incidents which involve additional or abusive elements beyond the creation and distribution of indecent images of pupils, including where there is an adult involved, where there is an intent to harm the pupil depicted, or where the images are used recklessly.
- **Experimental:** incidents involving the creation and distribution of indecent images of pupils where there is no adult involvement or apparent intent to cause harm or embarrassment to the pupil.

For there to be a good and clear reason to view imagery, the DSL would need to be satisfied that this action is:

- The only way to make a decision about whether to involve other agencies because it is not possible to establish the facts, e.g. the contents of the imagery, from the pupil(s) involved.
- Necessary to report it to a website, app or suitable reporting agency to have the image taken down, or to support the pupil or their parent in making a report.
- Unavoidable because the pupil has presented the image directly to a staff member or the image has been found on a school device or your school's network.

Where it is necessary to view the imagery, e.g. if this is the only way to make a decision about whether to inform other agencies, the DSL should:

- Never copy, print, share, store or save them as this is illegal – if this has already happened, contact the local police for advice and to explain the circumstances.
- Discuss the decision with the headteacher or a member of the SLT.
- Make sure viewing is undertaken by the DSL (or equivalent) or another member of the safeguarding team with delegated authority from the headteacher or a member of the SLT.
- Make sure viewing takes place with another member of staff present in the room, ideally the headteacher or a member of the SLT. This staff member does not need to view the images.
- Wherever possible, make sure viewing takes place on the school premises, ideally in the headteacher's office or a member of the SLT's office.
- Make sure, wherever possible, that they are viewed by a staff member of the same sex as the pupil in the images.
- Record how and why the decision was made to view the imagery in the safeguarding or child protection records, including who was present, why the nudes or semi-nudes were viewed and any subsequent actions.

Where the incident is categorised as 'aggravated', the situation will be managed in line with the school's Peer-on-Peer Abuse Policy. Where the incident is categorised as 'experimental', the pupils involved are supported to understand the implications of sharing indecent imagery and to move forward from the incident. Where there is reason to believe that indecent imagery being circulated will cause harm to a pupil, the DSL escalates the incident to CSCS. Where indecent imagery of a pupil has been shared publicly, the DSL will work with the pupil to report imagery to sites on which it has been shared and will reassure them of the support available.

Up skirting

The school recognises that up skirting is a growing concern amongst professionals and parents and it can expose children to risks. Definition of Up skirting: Up skirting is typically when a photograph is taken under a person's clothing without them knowing, for sexual gratification or to cause the victim humiliation, distress or harm.

The school may become aware of the issue in a variety of ways i.e. from the child direct, a friend of parent or a member of staff. We recognise that the child is likely to be very embarrassed and worried about what might happen. We also recognise the pressure that is on a child can be under to take part in sharing such imagery but we will reassure them they are not on their own and will help and support them. We will also help them to understand what has happened and the context for the concerns. We will also discuss issues of consent and trust within healthy relationships.

All incidents will be followed in line with our safeguarding and child protection policy. Where an incident comes to our attention:

The incident will be reported to the Designated Safeguarding Lead (DSL) as soon as possible

An initial meeting with the appropriate school staff will be held to:

- Establish if there is immediate risk & what further information is needed, whether or not the imagery has been shared
- Consider facts about the children involved which could influence a risk assessment.
- A meeting with the young person will be held (if appropriate)
- Parents will generally be informed at an early stage

An immediate referral to children's social care and/or the police should be made if at the initial stage:

- The incident involves an adult
- The child has been coerced, blackmailed or groomed or if there are concerns about capacity to consent
- If the sexual acts are unusual for the developmental age or violent
- Children under 13 years are involved
- The child is at immediate risk e.g. suicidal or self-harming

Where the above do not apply then the school will generally deal with this matter without involving the police or children's social care although this will be subject to review.

This decision is made where we are confident that we have sufficient information to assess and manage any risks within our pastoral support and disciplinary framework. The decision will be made by the DSL and others as appropriate and will be recording.

County lines

For the purposes of this policy, **"county lines"** refers to gangs and organised criminal networks exploiting children to move, store or sell drugs and money into one or more areas, locally and/or across the UK.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line.
- Moving drugs.

- Handing over and collecting money for drugs.
- Being exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection.
- Being found in accommodation they have no connection with or a hotel room where there is drug activity.
- Owing a 'debt bond' to their exploiters.
- Having their bank account used to facilitate drug dealing.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs. Staff members who suspect a pupil may be vulnerable to, or involved in, county lines activity will immediately report all concerns to the DSL
.
The DSL will consider referral to the National Referral Mechanism on a case-by-case basis and consider involving local services and providers who offer support to victims of county lines exploitation.

Further information on this can be found on:

https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines

Cyber-crime

For the purposes of this policy, **"cyber-crime"** is defined as criminal activity committed using computers and/or the internet. This includes 'cyber-enabled' crimes, i.e. crimes that can happen offline but are enabled at scale and at speed online, and 'cyber-dependent' crimes, i.e. crimes that can be committed only by using a computer. Crimes include:

- Unauthorised access to computers, known as 'hacking'.
- Denial of Service attacks, known as 'booting'.
- Making, supplying or obtaining malicious software, or 'malware', e.g. viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence.

All staff will be aware of the signs of cyber-crime and follow the appropriate safeguarding procedures where concerns arise. This may include the DSL referring pupils to the National Crime Agency's Cyber Choices programme.

Handling Incidents

The school may become aware of the issue in a variety of ways i.e. from the child direct, a friend of parent or a member of staff.

We recognise that the child is likely to be very embarrassed and worried about what might happen. We also recognise the pressure that is on a child can be under to take part in sharing such imagery, but we will reassure them they are not on their own and will help and support them. We will also help them to understand what has happened and the context for the concerns. We will also discuss issues of consent and trust within healthy relationships.

All incidents will be followed in line with our safeguarding and child protection policy. Where an incident comes to our attention:

- The incident will be reported to the Designated Safeguarding Lead (DSL) as soon as possible.
- An initial meeting with the appropriate school staff will be held to:
- Establish if there is immediate risk & what further information is needed, whether or not the imagery has been shared
- Consider facts about the children involved which could influence a risk assessment.
- A meeting with the young person will be held (if appropriate)
- Parents will generally be informed at an early stage

Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary.
They will receive a copy of 'Are you a young person with a family member in prison' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

Pupils required to give evidence in court. Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will also be provided with the booklet 'Going to Court' from HM Courts and Tribunals Service (HMCTS) where appropriate and allowed the opportunity to discuss questions and concerns

Online safety

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.
Through training, all staff members will be made aware of the following:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online
- The procedure to follow when they have a concern regarding a pupil's online activity

The school will ensure that suitable filtering systems are in place to prevent children accessing terrorist and extremist material
.
The use of mobile phones by staff and pupils is closely monitored by the school. The school will ensure that the use of filtering and monitoring systems does not cause "over blocking" which may lead to unreasonable restrictions as to what pupils can be taught regarding online teaching.

Where pupils need to learn online from home, the school will support them to do so safely in line with the Pupil Remote Learning Policy and government guidance.

Reviewing online safety

The school will carry out an annual review of its approach to online safety, supported by an annual risk assessment that considers and reflects the risks faced by pupils.

Mobile phone and camera safety

Staff members will not use personal mobile phones or cameras when pupils are present. Staff may use mobile phones on school premises outside of working hours when no pupils are present. Staff may use mobile phones in the staffroom during breaks and non-contact time. Mobile phones will be safely stored and in silent mode whilst pupils are present.
Staff will use their professional judgement in emergency situations. Staff may take mobile phones on trips, but they must only be used in emergencies and should not be used when pupils are present.

Mobile devices will not be used to take images or videos of pupils or staff in any circumstances.
The sending of inappropriate messages or images from mobile devices is strictly prohibited.
Staff who do not adhere to this policy will face disciplinary action.

The school will adhere to the terms of the E-Safety Policy at all times. Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy. Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to

determine the steps involved.

The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil

Pupils with SEND

The school recognises that pupils with SEND can face additional safeguarding challenges and understands that further barriers may exist when determining abuse and neglect in this group of pupils.

Staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a child's indicators relate only to their disability
- Pupils with SEND can be disproportionally impacted by things like bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.

When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's family where appropriate, to ensure that the pupil's needs are effectively met.

Domestic Abuse

For the purposes of this policy, and in line with the Domestic Abuse Act 2021, **"domestic abuse"** is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person's child) where both are aged 16 or over and are personally connected. **"Abusive behaviour"** includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. **"Personally connected"** includes people who:
- Are, have been, or have agreed to be married to each other.
- Are, have been, or have agreed to be in a civil partnership with each other.
- Are, or have been, in an intimate personal relationship with each other.
- Each have, or had, a parental relationship towards the same child.
- Are relatives.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, and

understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outline below.

Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

LAC and PLAC
Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PLAC, also known as care leavers, can also remain vulnerable after leaving care.

The governing board will ensure that staff have the skills, knowledge and understanding to keep LAC and PLAC safe. This includes ensuring that the appropriate staff have the information they need, such as:
- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PLAC, personal advisers.
Further details of safeguarding procedures for LAC and PLAC are outlined in the school's LAC Policy.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:
- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionally impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

Use of the school premises for non-school activities

Where the governing board hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that appropriate arrangements are in place to keep pupils safe.

Where the governing board provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing board will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing board will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing board will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

Extra-curricular activities and clubs hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary. All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

Safeguarding During the Coronavirus (COVID-19) Pandemic

Statement of intent
We understand that we face a time of great uncertainty and, as a school, we are doing all we can to provide clarity and safety to the school community. This appendix includes provisions which the school will have due regard for during the coronavirus pandemic. The information in this section is under constant review and is updated to reflect changes to government and local guidance as it is released.

  - Are adopted.
  - Are living in temporary accommodation.
  - Are at risk of becoming not in education, employment, or training (NEET).
  - Are assessed as otherwise vulnerable by education providers or LAs.
  -

A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

The role of the DSL and their deputies

In light of the current pandemic, the school will have additional measures in place to ensure the safety and wellbeing of its pupils – this approach will be led by the DSL.
The school will have a trained DSL or their deputy on site while all pupils attend school.
Where a DSL or deputy are unavailable on site, e.g. due to illness, a member of the SLT will take responsibility for coordinating safeguarding within the school. All the SLT are DSL trained. Their role

will include:

- Updating and managing access to child protection files.
- Liaising with the offsite DSL or deputy DSL.
- Liaising with children's social care services where required.

During the pandemic, the DSL and their deputy will be responsible for:

- Sharing their time and resources with other schools, where necessary.
- Ensuring staff are kept up-to-date with the latest safeguarding information and developments, including via the safeguarding partners, newsletters and professional advice groups.
- Being responsible for amending continual changes to education policy released by the DfE and communicating all changes to staff and volunteers.
- Working with the wider LA to protect vulnerable children.
- Providing support to teachers and pastoral staff to ensure that contact is maintained with pupils at home and their families.
- Ensuring staff are aware of reporting channels for safeguarding concerns.
- Ensuring there is a consistent approach to safeguarding children throughout the coronavirus pandemic.
- Speaking to pupils directly where possible to identify any concerns and ensuring pupils are provided with clear communication channels so they can report any concerns they have, including reports of peer-on-peer abuse.
- Providing all volunteers and volunteer staff with copies of this policy.
- Identifying a suitable member of the SLT to assume the role of temporary DSL should both themselves and their deputies become unable to work, e.g. due to illness.
- Sharing their contact information with the school community.
- Identifying vulnerable children and communicating additional safeguarding provisions to pupils and their families.

The DSL will report back to the governing board on all relevant safeguarding concerns.

The DSL will work with the local safeguarding partners to ensure pupils remain safe during full opening.

All online or telephone communication will be made using school accounts or telephone numbers. If any staff need to use their personal number, this is withheld.

Attendance

From the start of the Autumn term, attendance will be mandatory.

The school will have the power to issue fines for unauthorised absence; however, this will only be used as a last resort.

The school will resume its regular attendance register to record attendance after fully opening.

The school will report attendance figures to the DfE using the educational setting status form. This form will be submitted by 12:00pm each weekday.

Parents will not be penalised if their child does not attend school due to following clinical or public health advice to stay at home, e.g. if they are self-isolating.

In circumstances where pupils cannot attend school for reasons related to coronavirus, the school will use the following category of non-attendance: 'not attending in circumstances related to coronavirus (COVID-19)'. This category will only be used in the 2020/2021 academic year in specific circumstances,

where a pupil does not attend school because their attendance at school, or travel to school, would go against:

- Guidance from Public Health England (PHE) or the Department of Health and Social Care related to coronavirus.
- Legislation or instruments, e.g. statutory directions, related to coronavirus.

This category of non-attendance will not count as an absence (authorised or unauthorised) and will be recorded using code X. This non-attendance category will be used for the following:

- Pupils who are required to self-isolate as they, or a member of their household, has symptoms or confirmed coronavirus
- Pupils who are required to self-isolate because they are a close contact of someone who has symptoms or confirmed coronavirus
- Pupils who are required by legislation to self-isolate as part of a period of quarantine (such as those returning from certain countries)
- Pupils who are clinically extremely vulnerable in a future local lockdown scenario only
- Pupils not eligible to attend school in certain local lockdown tiers of restriction, e.g. where attendance is limited to vulnerable pupils and the children of critical workers.

If a pupil is self-isolating due to having symptoms of coronavirus, but subsequently tests negative, code X will only be used up until the time of the negative result. The school will then use code I (illness) if the pupil remains unwell and stays at home but will not retroactively amend the previous attendance registers because of the negative result.

The school will record and investigate any absences where a pupil who was expected to attend school did not, or where parents have arranged care for their child who subsequently did not attend. Where relevant, the school will report to social workers any pupil absence.
The school will ensure that all pupils' emergency contact information is correct and encourage parents to provide as many contact numbers as possible.

Staff training and safeguarding induction

The school will ensure that all existing school staff have read part one of the most up-to-date version 'Keeping children safe in education' (KCSIE) and are suitably trained in this policy and any local safeguarding arrangements.

The DSL and headteacher will risk assess any volunteers or staff from other schools to determine their suitability to work with children.

Under no circumstances will volunteers who have not been checked be left unsupervised or allowed to work in regulated activity.

The DSL and headteacher will ensure any volunteers or staff from other schools are suitably trained in safeguarding and ensure that they have read the relevant sections of KCSIE, are aware of the school's safeguarding policy and procedures, and any additional local safeguarding arrangements.
The DSL and headteacher will use their professional judgement to assess how much additional safeguarding training temporary staff or volunteers require.

The school will follow safer recruitment processes, in line with the relevant policies, when acquiring new staff.

New staff or volunteers will continue to be provided with a safeguarding induction and the most up-to-date copy of this policy.

Individuals who have not undergone suitable DBS checks will not be left unattended with pupils.

The school will carry out a check on any existing staff who cause a concern.

All staff will receive updates from the DSL regarding confirmation of local safeguarding processes and confirmation of the DSL and their deputy's arrangements, e.g. working schedule and contact information.

Where required, e.g. during certain tiers of restriction in a local lockdown, the school MAY have a rota system which allows the headteacher to be aware of who will be in school at any one given time.

The school will ensure it is kept up-to-date in line with KCSIE. A record of attendance for staff and volunteers as well as a log of any risk assessments carried out on volunteers and staff on loan from other schools.

Online safety and security

The school will continue to ensure that appropriate filters and monitoring systems are in place to protect pupils when they are online on the school's IT systems.

All online programmes used will be checked by the school's DPO and DSL to ensure they are reputable and GDPR compliant.

The ICT technician will work to ensure any loaned devices are secure and have the necessary antivirus malware protection downloaded.

The DSL will report back to the governing board how they are ensuring pupils remain safe online during partial school closure.

Pupils will report any suspicious online activity they encounter to the DSL or headteacher.

Staff will adhere to the Staff Code of Conduct at all times when delivering education online.

Staff will continue to look out for signs of a child being at risk online and report concerns over a pupil's safety online to the DSL. Where relevant, the DSL will make referrals to the police and children's social care.

The school will collaborate with parents to reinforce the importance of online safety, and encourage parents to set age-appropriate parental controls on digital devices and use internet filters to block malicious websites.

Pupils will be provided with useful information and contact details of individuals and organisations they can turn to should they feel unsafe online, e.g. Childline or the UK Safer Internet Centre**.**

Mental health and pastoral care

The school understands how the coronavirus pandemic can cause pupils and staff to feel anxious and concerned and will offer any essential support required to those in need.

The headteacher will hold meetings with staff over the phone or via a video call to ensure they feel supported during this stressful time.

Pupils will be provided with different resources they can access to help them cope with their mental health, including Childline and other online services if required.

Face-to-face support will only be provided where two-metre social distancing can be adhered to.

Teachers will have due regard for the negative impact the current pandemic may have had on pupils, especially when setting expectations for pupils' work.

Pastoral support will be offered to any family who requires it.

The school will utilise funding from the DfE's **Wellbeing for Education Return** programme.

For pupils who are receiving education at home, e.g. pupils who are self-isolating, the school will help

parents and pupils make a weekly plan or structure that includes time for education, playing and relaxing.

The school will consider one-to-one support for those who may benefit the most from it, e.g. for pupils with SEND.

Remote education

Teachers will plan online lessons with the safety of pupils in mind

Staff communicating with pupils or parents via videocall will do so from within the school, or from a quiet room with a neutral background if working from home.

Teachers will ensure all online planning processes for pupils who are working online will have clear reporting routes to the school and external agencies so they can raise concerns whilst online.

The DSL will ensure every pupil has their contact information so they know how they can contact them about any safeguarding concern.

Pupils will be provided with online safety information by their teacher.

Pupils will be directed to practical online support, such as Childline, where they feel unsafe and require support outside of school.

Parents will be provided with the contact details of the DSL so they can report any concerns.

When communicating online, staff will:

- Communicate within school hours as much as possible.
- Communicate through the school channels approved by the SLT.
- Use school email accounts over personal accounts wherever possible.
- Use school devices over personal devices wherever poss

An immediate referral to children's social care and/or the police should be made if at the initial stage:

- The incident involves an adult
- The child has been coerced, blackmailed or groomed or if there are concerns about capacity to consent
- If the sexual acts are unusual for the developmental age or violent
- Children under 13 years are involved
- The child is at immediate risk e.g. suicidal or self-harming

Where the above do not apply then the school will generally deal with this matter without involving the police or children's social care although this will be subject to review.

This decision is made where we are confident that we have sufficient information to assess and manage any risks within our pastoral support and disciplinary framework. The decision will be made by the DSL and others as appropriate and will be recording.
