

# A Dangerous Pet

The King had known that the gift he presented to his children on their 5th birthday was dangerous. He was prepared to take the risk of letting them own a pet dragon, however. One day, the twins would rule the kingdom together, and they would need all the help they could get. No-one could deny that a dragon was a powerful ally!

Before that day, though, the children had much work to do. They had to train their dragon!

**Today, you are going to plan a story of how the children trained their dragon.** You can use the story planning frame on the next page.

Ideas to think about for your plan:

- Were the children happy with their new pet?
- What did the children need to train their dragon to do?
- Was the dragon easy to train?
- What problems did the children face when trying to train their dragon?
- How did the children train the dragon?
- Did the children manage to train their dragon in the end?
