

VIRTUAL SCIENCE

WEEK

St Peter's
C.E. Primary School

June should have hosted Science Week at St. Peter's would we have been in school. But lockdown isn't going to stop us celebrating and raising the profile of science!

Expect your teachers to set you all sorts of fun and interesting investigations!

Keep an eye on your class website pages for exciting videos and articles!

Watch out for some of your teachers recording their own investigations for you!

We would love you to have a go at as much as possible, and send us what you've been doing! Your teachers would love to see photos, videos, investigation write-ups, collages and anything else you can think of!

15TH- 19TH JUNE 2020
